PROFESSIONAL SUMMARY:

Frontend Developer with 3 years of experience building responsive, production-grade UIs at Wipro using HTML5, CSS3, Bootstrap, and Angular. Promoted to Sr. Software Engineer for strong ownership and delivery. Recently completed 3 years of UPSC Civil Services preparation, strengthening analytical rigor and structured problem-solving. Actively re-engaging with frontend development and seeking Front-End projects to deliver clean, responsive web pages.

CORE SKILLS:

Frontend:	HTML5, CSS3, Bootstrap, Responsive Design
Frameworks:	Angular, TypeScript, JavaScript (ES6+), Express JS
Tools & Practices:	Git, GitHub, VS Code, Browser DevTools, Web Accessibility, Photoshop, Agile
Soft Skills:	Client Communication, Problem-solving, Fast Learning & Adaptation

PROFESSIONAL EXPERIENCE:

Sr. Software Engineer (MEAN Stack) - Wipro Ltd | Hyderabad

Jul 2019 - Apr 2022 | Promoted to Sr. Software Engineer in final 3 months

- Developed and optimized a clean, responsive MEAN-stack UI for a global enterprise platform, ensuring pixel-perfect design and cross-browser compatibility.
- Single-handedly owned a legacy product edition for ~6 months while the Enterprise version was under development, delivering new features and critical maintenance with zero downtime.
- Delivered frontend components and provided 24×7 support during annual high-stakes global releases, coordinating with cross-functional teams to ensure smooth rollout and rapid issue resolution.
- Developed a key onboarding feature that enabled 6,000+ new users to join the platform, directly improving adoption metrics.
- Identified and resolved multiple critical UI bugs, significantly enhancing platform stability and user trust.
- Led client liaison efforts for requirement gathering, delivery planning, and progress updates, driving clear communication and on-time delivery.
- Designed and implemented support and maintenance SOPs that reduced issue resolution time and improved team productivity.

RECENT SKILL REFRESH & READINESS:

- Actively re-engaging with frontend development (Dec 2025): Revisiting HTML5, CSS3, Bootstrap best practices, and modern responsive design patterns to return to production-ready coding.
- Committed to Front-End roles as the immediate next step to rebuild muscle memory and demonstrate realistic capability.

EDUCATION:

B.Tech. in Electronics and Communication Engineering

VIT, Vellore – 7.73 CGPA | Graduated: 2019

Intermediate (PCM)
